CALL FOR PAPERS

The Fifth International Conference on Knowledge and Systems Engineering (KSE 2013)
<http://kse2013.hnue.edu.vn/>
OCTOBER 17-19, 2013 Hanoi, VIETNAM.

The KSE conference is an open international forum for presentation, discussion and exchange of the latest advances and challenges in research of Knowledge and Systems Engineering. The fifth edition of the Conference, KSE 2013, aims to bring together researchers, academics, practitioners and students in order to not only share research results and practical applications but also to foster collaboration in research and education in Knowledge and Systems Engineering. KSE 2013 will be held in Hanoi, the capital of Vietnam, during 17-19 October, 2013, and jointly organized by Hanoi National University of Education (HNUE) and the University of Engineering and Technology, Vietnam National University (VNU). KSE 2013 solicits contributions dealing with any aspects of Knowledge and Systems Engineering.

The list of possible topics includes (but is not limited to):

- Natural Language Processing
- Bio-medical Information Processing
- Evolutionary Learning
- Network and System Security
- Knowledge Representation and Reasoning
- Uncertainty Management
- Data Mining
- Information System Engineering
- Knowledge Management
- System Engineering
- Software Systems Engineering
- System Specification and Verification
- Software System Architecture and Testing
- Domain and Requirement Engineering
- Web Services
- Cloud Computing, Computing Models
- Human Machine Interaction
- ICT in Education

IMPORTANT DATES

Deadline for paper submission: 1 June 2013
Notification of acceptance/rejection: 16 July 2013
Deadline for the final camera-ready: 8 August 2013
Conference dates: 17 - 19 October 2013

PAPER SUBMISSION

The authors are invited to submit their full papers by the deadline of 1st June, 2013, through the KSE 2013 submission page <http://www.easychair.org/conferences/?conf=kse2013>. The submissions will be peer-reviewed for originality and scientific quality. The proceedings will be published by Springer-Verlag in its series "Advances in Intelligent and Soft Computing", and be available at the Conference. Papers should follow the LaTeX series format as described at <http://www.springer.com/series/4240/> and should not exceed 12 pages in the Springer-Verlag format.

After Conference, a special issue of International Journal of Approximate Reasoning will be planned to publish a small number of extended papers selected from the Conference. Other special issues will be updated in due course.

WELCOME TO HANOI

Hanoi, the capital of Vietnam with a millennium-long history, has become one of the most beguiling cities in Asia. The city located in the Red River Delta in the center of North Vietnam has a lovely landscape of lakes, shaded boulevards, verdant public parks, colonial French houses and astounding modern skyscrapers. Hanoi is political and cultural center of Vietnam.
